

# Employability Skills Training & Placement Management Services for your business

## What are your recruitment needs?

### Our program delivers on:

- **FREE staff recruitment with minimum work experience placement hours before hiring**
- **Suitable candidates** - establishing the needs for your workplace and sourcing suitable candidates
- **Industry Awareness** - what it's like to work in your industry and the various career pathways available
- **Upskilling** - Identifying and promoting an applicant's **transferable skills** to suit your current opportunities and/or providing candidates with upskilling opportunities such as modules or short courses
- Expectations of **application inclusions** (skills, abilities, licences required, workplace communication and expectations)
- Complete any required tickets e.g. white card, forklift license prior to commencement
- Complete onboarding prior to placement such as WH&S and online induction training
- Experience - **INDUSTRY TOUR** on site of employment **a day in the life of** an operator in the industry
- Workplace Etiquette
- **Psychometric or aptitude profiling**
- **Post Placement Support**
- Liaising with stakeholders to identify incentives
